At this month’s Fish Out we are planning to fish Spooner on the 21st. Not really sure what to expect, but getting on the water will be nice!

And as always, call another member and get out and fish. Better yet, take someone and show them the sport and why it is our passion.

Wednesday’s Program: Three fly tying demonstrations: Western Coachman by Bill Hammons; Stillwater Nymph by CK Baily; and the Green Hornet by Dave Conklin. Three very effective flies for eastern Sierra trout! You will also learn an appropriate presentation for each of these flies.

The Board approved the criteria for the two awards to be presented at the banquet..... Fly Fisher of the Year, and the President’s award

Stan Z reported that club hats have been ordered, and Plaques for the Fly Fisher of the Year and President's awards are on their way. He needs members to tie some beautiful flies for the layout of the plaques. Please help.

Banquet Tickets are now on sale. Please note the new location: Carson Plaza Conference Center. Tickets are \$30 and include sit down dinner. Choices are Chicken Cordon Bleu, Prime Rib or Glazed Salmon. Dinner includes salad and dessert. Call Dave Conklin for additional information or tickets.

Update on Fuji Park Fishing Pond.... The pond is supposed to open in Mid September. Water quality testing is complete and the water is suitable for fish.

Treasurer's report: Ernie reported we had \$8316.13 in the bank.

Craig (your's truly) volunteered to explore the requirements and feasibility to put grass carp in Spooner Lake. The board thought that a great idea, if we can get necessary permits.

The club will again be doing the silent auction at the banquet this year. It would be very helpful if club members can donate a dozen flies for this auction. The club *might* provide a fly box for them. An assortment of your favorite flies may bring in more funds for club projects than you might expect. Other donations will also be very much appreciated.

The club accepted a donation from MJ Van Emmerik of two new rolls of tickets.

The meeting was adjourned about 8:30 PM.

Fishout Report: The Club Fishout last month was at Twin Lakes. See President's message for report.

Pyramid Lake Chair Project The start of the chair project has been postponed, probably until mid September. At that time the project will definitely commence. Any person who is unable to participate in the construction may instead receive a do-it-yourself chair kit (6 sticks of conduit, a swivel, a seat, and a can of paint), so please plan to make time for this project.
